### For those who are in the business of operating taxicab and/or paratransit services.

Annual dues are based on the total number of taxicab and/or paratransit vehicles of all companies, fleets, or associations the member owns, controls, provides support services to, or is associated with. For dues purposes, no distinction is made between vehicles operated by employees, leased vehicles, or vehicles driven by owners. The annual dues of cooperatives or associations of owner-drivers are based on the total number of associated taxicab and/or paratransit vehicles.

The non-deductible portion of dues for 2012 is estimated to be 35 percent.
